

Vitrectomy - Facedown Support Systems

-Recommended by surgeons -Covered by most insurance companies

- We are committed to provide the best recovery methods to our clients.
- We offer products to maintain and support your face-down position while you are sleeping, sitting, eating, writing—even watching TV, and while riding home from the hospital or visiting with friends .

Face Support On The Bed

An easy way to complete
facedown recovery –
asleep on your own bed.

Face Support On The Table/Desk

Relax at the comfort
of your own table or
desk.

2-Way Mirror

Watch your surroundings
while still maintaining
face down positioning!

Seated Support

The best choice for
daytime facedown
recovery – endless
options for your
daily routine.
